

USER MANUAL

LEMMY 38.038.10

TECHNICAL DATA

BT Version: 5.3
Power supply: 5V DC, 1A
Output Power: 10W
Speaker Unit: 5W *2
Lithium Battery: 1800mAh
Operating frequency: 20Hz-20KHz
Transmission Distance: 10M
Charging Port: TYPE-C
Includes charging cable
Bluetooth pairing name: LEMMY

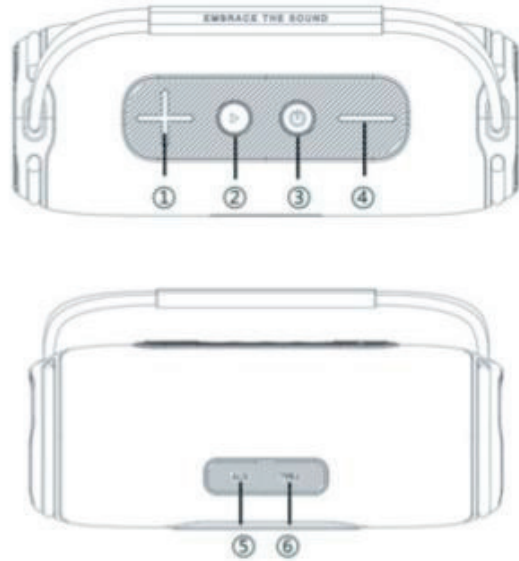

Features

BT/AUX
TWS Function
Button Controls

Class III product: Designed to be supplied from a separated extra low voltage supply (SELV). The voltage from a SELV supply is low enough that a person can normally come into contact with it without the risk of electric shock.

USE

1. Short press to switch to next song, long press to switch to increase volume
2. Short press to Play/Pause
3. Long press to turn speaker On/Off
4. Short press to switch to previous song, long press to switch to decrease volume
5. Plug AUX cable (Not included)
6. Plug charging cable (Included)

Note: To use TWS function, turn on two identical speakers, double click (3) button of one speaker, and the two speakers will pair automatically.

UPUTSTVO ZA UPOTREBU LEMMY 38.038.10

TEHNIČKI PODACI

Verzija Bluetooth-a: 5.3
Napajanje: 5V DC, 1A
Izlazna snaga: 10W
Jedinica zvučnika: 5W *2
Litijaska baterija: 1800mAh
Radna frekvencija: 20Hz-20KHz
Raspon prenosa: 10M
Port za punjenje: TYPE-C
Uključen je kabl za punjenje
Bluetooth ime za povezivanje: LEMMY

Funkcije

BT/AUX

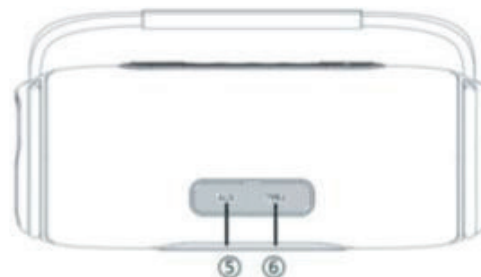

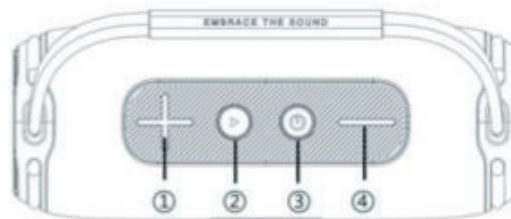

TWS funkcija (True Wireless Stereo)

Kontrole dugmadima

Proizvod klase III: Namenjen za napajanje odvojenim izuzetno niskim naponom (SELV). Napon od SELV izvora je dovoljno nizak da osoba može normalno doći u dodir s njim bez rizika od električnog udara.

USE

1. Kratko pritisnite za prelazak na sledeću pesmu, dugim pritiskom povećajte jačinu zvuka
2. Kratko pritisnite za reprodukciju/pauzu
3. Dugim pritiskom uključite/isključite zvučnik
4. Kratko pritisnite za prelazak na prethodnu pesmu, dugim pritiskom smanjite jačinu zvuka
5. Uključite AUX kabl (nije uključen)
6. Uključite kabl za punjenje (uključen)

Napomena: Za korišćenje TWS funkcije, uključite dva identična zvučnika, dvostruko pritisnite (3) dugme na jednom zvučniku, i dva zvučnika će se automatski upariti.
